

MIRAMARMI

We would like to introduce you Miramarmi srl, a stone company founded in 1961 by Danilo Bocchese and now managed by Giancarlo Bocchese. Miramarmi srl was one of the first stone establishments in Chiampo Valley (Vicenza province) to specialize in extracting, processing and commercial distribution of marble and natural stone blocks, slabs, flooring and walling tiles.

Miramarmi owns various quarrying sites in Italy and in Croatia in which are extracted materials such Botticino (type Classico, Semiclassico and Fiorito), Daino Reale - Breccia Sarda and Malaga (called Avorio/ San Sebastian). We are constantly lookout for new materials, wherever

these are to be found worldwide offering to our customers top quality of marbles, onyx and natural stones to satisfy all demands and any kind of project in the commercial and luxury residential market.

Our best sellers materials, including Botticino, are: Nero Tempesta (Sahara Noir), Blu Dorato, Bronze, Lipiza, Classic Italian Travertine, Pure White Quartz, Snow White and others many stones.

We are at your complete disposal, a member of our team will be happy to answer any questions you may have regarding the range of stones supplied offering professionalism and competence.
